Status: Full-time

Deadline: Rolling until filled

About Accountability Initiative

Accountability Initiative (AI) at the Centre for Policy Research is a research group that advances transparent governance, and accountable policy implementation which can serve people's needs. We identify and analyse the reasons that work against efficient public services delivery in India. We provide the evidence to policymakers and implementers to enable decision making that is responsive to the ground reality. We believe that accountability of the administrative machinery to the people forms the bedrock of good governance, which lies at the heart of all our efforts.

Accountability Initiative currently has operations and staff in 5 Indian states.
